Coursera

Jun, 2023 - Jul, 2023

React Basics, Meta

Relevant Courses: React Components, state management

FEATURED PROJECTS

[My Portfolio](#)

- Designed and developed a personal portfolio showcasing projects I have worked on with an interactive UI interface built with React and Tailwindcss.

[AI Project](#)

- Developed an AI-powered website capable of detecting text in a pre-specified set of languages, translating said text and providing concise summaries of larger bodies of text. This was made possible using Chrome AI. Note that the translation and summarize features do not work on mobile.

WORK EXPERIENCE

Freelance

Remote
